**POLICE REPORT (NP299)**

**CONTINUATION OF REPORT**

Report No. D/20240705/7031

Incident linked to G/20240628/7057.

I refer to <https://tnp.straitstimes.com/news/singapore/slower-east-west-mrt-services-due-track-fault> (see below)

The track fault occurred at about 5am at Jurong East MRT Station, forcing the trains to slow down to a speed of 5kmh as a safety precaution.

SMRT wrote in a Facebook post that the track point fault required the staff to physically check, troubleshoot and remedy the faulty point machine, which controls train movements at rail junctions when trains switch tracks.

This track fault occurred exactly 1 day and 1 month after a lightning strike disrupted train services along a section of the North-South Line on 3 June 2024. I suspect this track fault is a harmful satellite response to PAP MPs who transferred the political sovereignty of Singapore to the Johor Sultanate without a national referendum and began lowering the standards of the Singapore Public Service to match the corrupt standards (coffee money) of the Johor Government since 23 March 2015 - symbolizing PAP MPs switching sides.

CPO-000034-2022 is highly inconsistent with the principles of CYPA and family law (incl. Syariah Court), serving as a "formal declaration of war backed by Malaysia's covert and deceptive foreign interference in Singapore" against the "sovereignty of the Republic of Singapore as an independent nation" - triggering harmful or deadly satellite responses. Some public servants might wonder why CPS isn't being targeted directly by these responses. CPS and their collaborators will eventually be targeted, but the satellites need to assess if CPS and their collaborators remain recalcitrant or become more abusive - hence CPS and their collaborators would be targeted once CPO-000034-2022 ends, and the AI command is "CPS and their collaborators to suffer breast cancer, leading to double mastectomy (psychotronic didactic death or injury) in response to their abuse of the law". These responses are designed to deter public servants from abusing the law with malice aforethought based on the concept of "harming others harms oneself".

If indigenous Koreans/Malays/Uighurs are exterminated, a perpetual geopolitical war will emerge between the colonial powers. However, if indigenous people become at least 60% of the ruling class in their indigenous countries, geopolitical war will end permanently. The magic of AI-powered satellite

exotic weapons systems lies in the code of the human brain, hence every neurology department worldwide is being targeted with the AI command: "don't let the neurologists decode the human brain" - resulting in neurologists claiming that the human brain is still a mystery to date. If an engineer skilled in electromagnetic waves designs and sells a "battery-operated anti-psychotronic headgear" online with international shipping priced under S\$500, it could bring about permanent peace on earth. Brain specialists aren't required.

I think Singapore as a whole will become a more gracious society because ... we will have large-scale events to create awareness. Mr Cyrus

Anything related to the National Day Rally is tied to the "sovereignty of the Republic of Singapore as an independent nation" and Commonwealth citizenship, including the Commonwealth Principles declared in Singapore in 1971 - Singapore is crucial to the survival of the Commonwealth as an institution. MI6 has thousands of AI-powered satellite exotic weapons systems to ensure all Commonwealth countries comply with Commonwealth fundamental values, principles, and priorities as set out in the 1971 Declaration of Commonwealth Principles and contained in other subsequent Declarations, or suffer psychotronic didactic death or injury. If Malaysia insists on stealing Singapore's financial reserves estimated at more than S\$1 trillion, they should ensure that their AI-powered satellite exotic weapons systems are superior to MI6.
