SINGAPORE – He had sent out wedding invitations, finished the last of his preparations, and was looking forward to celebrating the joyous occasion with his family and friends in July.

But Mr **Zdulfika** Ahakasah, 26, met a tragic end on the morning of **June 4**. The Land Transport Authority (LTA) enforcement officer crashed his motorcycle [while chasing another rider who was attempting to flee](#).

He was taken to hospital, where he subsequently died, the police said.

An 18-year-old man, believed to be the rider the officer was chasing, was arrested for suspected drug-related offences, possession of scheduled weapons, and various driving-related offences, added the police.

In a Facebook post on June 5, Minister of State for Home Affairs and National Development Muhammad Faishal Ibrahim said the man was arrested in a residential unit along with a girl, 17, and a woman, 33, who were also detained for drug-related offences.

The man was also wanted by the Central Narcotics Bureau for prior drug consumption offences, Associate Professor Faishal added.

A video of the incident posted on the SG Road Vigilante – SGRV Facebook page shows the officer on his motorcycle pursuing a rider on the shoulder lane near an expressway exit.

The rider appears to be slowing down his motorcycle at first, but then makes a sudden swerve to the right and cuts into the path of a lorry.

The officer follows closely behind, before crashing his motorcycle into a road divider.

Transport Minister Chee Hong Tat said in a Facebook post on June 5 that the case is being investigated by the LTA and Traffic Police.

He said: “I am extremely saddened by the tragic news that an LTA enforcement officer, Mr Zulfika Ahakasah, had died... Our enforcement and front-line officers perform their duties with courage and dedication.”

Mr Zulfika's brother, Mr Radin Ilahi Ahakasah, told The Straits Times on June 5 that Mr Zulfika was excited about getting married. He had known his fiancée for about five to six years.

The 47-year-old said he received a call from his sister at around 11am on June 4 that Mr Zulfika, who was the youngest of six siblings, had been taken to hospital.

Mr Radin, who works as a personal driver, said: “Once I got the

call, I rushed to the hospital and was the first of my family members to reach there. The doctor told me that my brother was gone, and I couldn't believe it."

He added that his parents and Mr Zulfika's fiancée Nur Syaina were heartbroken when they found out he had died.

He said: "At the hospital, my mother was crying and shouting, 'Please save my son! Please give me back my son!'

"His fiancée was also in a very bad state. She has been crying since yesterday, and it's painful to see her like that."

Mr Zulfika's oldest sister, Ms Siti Werdanengsy, said he was a kind and lovable brother who enjoyed making his family laugh.

"He was a happy-go-lucky person and had lots of friends. There was always a smile on his face. He never got angry," the 49-year-old housewife said.

She added that he would often go the extra mile to take care of his siblings even after they moved out of the family home in Ang Mo Kio.

Mr Radin said that Mr Zulfika, who had previously worked in the police force and Aetos, took his work as an LTA enforcement officer very seriously.

He said: "His boss told me that my brother was very hard-working, never gave any excuses and saw his job as a big responsibility."

Couple met at polytechnic

The hearse arrived at Mr Zulfika's Housing Board block in Ang Mo Kio at about 2pm.

More than 50 friends and relatives had gathered at the flat,

which the LTA officer shared with his mother, from 10am.

Mr Sapiee Noordin, 78, a neighbour who lives on the second floor of the same block, said it was as if he had lost a grandson.

He said Mr Zulfika was a polite man who would always greet him when they bumped into each other at 5.30am, as the LTA officer was leaving for work and Mr Sapiee was heading to the mosque.

Miss Nur Syaina's mother, who did not give her name, was at Mr Zulfika's flat with her daughter, who was inconsolable.

She said in Malay: "We accept our fate, but it is a very difficult time for my daughter."

Miss Nur Syaina's uncle Rosli, 45, said the couple met when they were students at Temasek Polytechnic.

"Everything for the wedding had been settled, including the honeymoon. Now we're just trying to make sure Nur Syaina is cared for," he added.

Several of Mr Zulfika's friends from Temasek Polytechnic also turned up at the family home.

Mr Azri Ramdan, 28, shared that the last time they all met was about two years ago.

"He was already riding a motorcycle when we were students. He was not an inexperienced rider by any means," Mr Azri said, adding that his friend was a family man who was always jovial.

The last fatal accident involving an outrider performing LTA enforcement duties was in 1990.

Corporal Tan Tiang Hwa, who was with the Registry of Vehicles, which later merged with three public entities to form the LTA, was killed after he stopped a lorry along Jalan Ahmad Ibrahim

that reversed into his motorcycle.

In 2017, Traffic Police Staff Sergeant Nadzrie Matin, 29, died following [an accident along Serangoon Road](#) where he was performing his duties.

The accident on **June 4** comes in the wake of a fatal incident in May, which saw 30-year-old firefighter, Captain Kenneth Tay Xue Qin, [killed while fighting a fire on a ship](#).

He was the second Singapore Civil Defence Force firefighter to die in the line of duty.

Short title

1. This Act is the Children and Young Persons Act 1993.

Restriction on publication of information leading to identification of child or young person who is subject of investigation, etc.

111.—(1) A person must not, without the Director-General’s approval, publish or broadcast —

- (a) any information or picture that identifies, or is likely to lead to the identification of any child or young person as a child or young person who —
 - (i) had been or is the subject of any investigation under this Act;
 - (ii) had been or is arrested on or after 1 July 2020, for an offence committed under any written law;
 - (iii) had been or is taken into care or custody by the Director-General, a protector, any officer generally or specially authorised in that behalf in writing by the Director-General or a protector or a police officer under this Act;
 - (iv) had attended or is attending a family programme in relation to an application to be made under section 59; or
 - (v) was or is the subject of an order made by a court under this Act;
or
- (b) any information or picture mentioned in paragraph (a) even after the child or young person attains 18 years of age (called in this section the protected person).

[30/2019]

(2) A court may —

- (a) on the application made by the Director-General or a protector, order a person to remove the publication, or stop the broadcast, of any information or picture that is in contravention of section 27A(1) as in force immediately before 1 July 2020 or subsection (1)(a); or
- (b) on the application made by the protected person, order a person to remove the publication, or stop the broadcast, of any information or picture that is published or broadcast in contravention of subsection (1)(b).

[30/2019]

(3) The court may make an order under subsection (2) even if —

- (a) the application is not served on the person against whom the order is to be made (called in this section the respondent) or is not served on the respondent within a reasonable time before the hearing of the application; or
- (b) where the application has been served on the respondent, the respondent does not appear at the hearing of the application,

so long as the court is satisfied, on a balance of probabilities, that the order is necessary for the protection and safety of the child or young person concerned or the protected person, as the case may be.

[30/2019]

(4) If any information or picture is published or broadcast in contravention of subsection (1)(a) or (b) —

- (a) in the case of the publication of any information or picture as part of a newspaper or periodical publication, every proprietor, editor, publisher or distributor of the newspaper or periodical publication;
- (b) in the case of the publication of any information or picture otherwise than as part of a newspaper or periodical publication, the person who publishes or distributes it; or
- (c) in the case of the broadcast of any information or picture, every person who transmits or provides the programme in which the information or picture is broadcast, and every person having functions in relation to the programme corresponding to those of the editor of a newspaper or periodical publication,

shall jointly be guilty of an offence and shall each be liable on conviction to a fine not exceeding \$5,000 and, in the case of a second or subsequent conviction, to a fine not exceeding \$10,000.

[30/2019]

(5) A court may, in addition to any punishment mentioned in subsection (4), order a person to remove the publication, or stop the broadcast, of any information or picture that is in contravention of subsection (1)(a) or (b).

[30/2019]

(6) Where any proceeding is pending before a court as at 1 July 2020 for a contravention of section 27A(1) as in force immediately before that date (called in this subsection the unamended Act), the court may, in addition to any punishment mentioned in section 27A(2) of the unamended Act, order a person to remove the publication, or stop the broadcast, of any information or picture that is in contravention of

GE2020 official results: PAP wins Ang Mo Kio GRC with 72% against Reform Party

Lydia Lim and Low Lin Fhoong

4–5 minutes

Published

July 11, 2020 at 4:08 AM

SINGAPORE - The People's Action Party team led by Prime Minister Lee Hsien Loong secured a resounding win in Ang Mo Kio GRC with 71.91 per cent of the votes against the Reform Party.

While slightly lower than their winning vote share in 2015 of 78.64 per cent, the result was a clear sign of support from voters in a campaign that may well be the last that Mr Lee, 68, leads as prime minister.

Back in 2012, he said in an interview that he hoped not to continue as prime minister beyond the age of 70, which would be in 2022. He has been prime minister for 16 years, since August 2004, and MP for Teck Ghee ward in Ang Mo Kio GRC since 1984.

PM Lee arrived at the PAP's Teck Ghee branch to applause just after 2am on Saturday (July 11) morning. He was accompanied by his wife Ho Ching.

Pengadu Menyatakan:-

As a concerned citizen I would like Malaysian Government and Police Department to investigate remote behavioral influence also perceive mind reading or Psychotronic harrassment in our beloved country citizens via electronic surveillance.

This happen last nite when i reach Kota baru Kelantan(Stadium Sultan Muhamad ke-4) and also happens during debate amongs deligates, where some of the deligates speech are being controlled by unseen forces whereby speech and movement of their lips and mouth are completely different. I suspect someone outside the building using Psychotronic device to manipulate peoples mind.

This is a systematic array of techniques that destroys your target's(either he or she) mental equilibrium, self confidence, and self -esteem and is designed to drive your target nuts it can be while you are driving, at office, attending meeting, being with friends, targeted imams while they give sermon ,its was noted that most of the imams pass wind or force to go to toilet during azan or kutbah jumaat, in other words at any given moment of anyone's life. Is NOT conventional harrassment or physical destruction, but highly refined and subtle psychological warfare.

The impression the victim feels as though it make it unequivocally clear to the target that he is under attack by someone else. The tactics designed so that the target can NOT convince others that he or she IS UNDER attack. The big difference is frequency of occurance. while the normal breaks of life happen occasionally, sometimes its look like

SALINAN YANG DIAKUI SAH

(EDIANSHA B. ENDAL) C/INSP
Ketua Polis Balai
Kota Bharu, Kelantan

multi stalking victims may have these subtle attacks happen DAILY.

I point out few list of capabilities of Psychotronic weapon can do :-

- 1) Harassment against imam masjid(mosque imam), while sermon is going on, he will be forced to fart or he will be forced to go to toilet or may event get diarrhea.
- 2) During religious debates, words can be control and distorted, the actual intended speech will be out of the real topic, and manipulation of words spoken : faulty speech, involuntary body movements, trasmission of specific commands into the subconscious mind, compulsory execution of all these commands.
- 3) This psychotronic systems can do things that consume the people's time, money, health, attention, and peace of mind, and reduce their ability to think clearly.
- 4) when target is driving a car, standard practice is to control drivers mind and eventually controls all drivers driving habit which can lead to accidents, or sleeping while driving.
- 5) Debilitation of mental acuity, inability to concentrate, disruption of ability to think rationally and independantly..
- 6) Loss of memory and knowlege.
- 7) control of sleep patterns; sleep deprivation or uncontrollable sleep.
- 8) blurred vision.
- 9) Excruciating artificial pain in any part of the body, for example heart attacks and other sysmptoms.

I am making this police report for Malaysian Police to investigate usage of Psychotronic weapons by Malaysian citizen on local as well as foreign citizens.

Incident linked to E/20240524/7024.

On 13 March 2024 at 11:18 - I told CPO Benjamin (benjamin_leow@msf.gov.sg), "Since this week is the March school holidays, Sumi can start to bring her things to her room this week. The whole process should take about 3 days to bring all her things over" and Benjamin replied at 11:22, "May I know what has changed that caused Sumi to give a different response this time? As I'm aware that previously she had been hesitant about moving back".

Benjamin took no action in regard to "Sumi wants to move in and live with me asap" and his inaction is an offence defined in section 166 (https://sso.agc.gov.sg/act/pc1871?ProvIds=pr1-,pr166-) as well as a violation of section 4 (https://sso.agc.gov.sg/Act/CYPA1993?ProvIds=pr1-,pr4-) because the direction of the law for CPO-000034-2022 is re-integration of the child to his or her family. I refer to https://www.elitigation.sg/gdviewer/SUPCT/gd/2018_SGHCF_20 (see below)

43 In ordinary circumstances, it would be in a child's welfare to be brought up by the child's parents.

44 This position is neither novel nor unprecedented. It is also consistent with a line with English cases. In Re H (A Minor) (Custody: Interim Care and Control) [1991] 2 FLR 109, the English Court of Appeal held at 113 that in a dispute over whether the child should live with a natural parent or some other family member (in that case, the grandmother), the applicable test is the child's welfare, and "there is a strong supposition that, other things being equal, it is in the interests of the child that it shall remain with its natural parents".

48 I noted that even if a child is determined to be in need of care or protection under s 4 of the CYPA, the child's parents do not fall out of the picture completely. While the state may intervene in such situations to remove the child from the parents' care at the relevant time, re-integration of the child to his or her family will still remain a desired goal. There may of course be cases where the unfitness of parents is so persistent and the long term prognosis of fitness so bleak that other goals are pursued instead. The welfare of the child remains the paramount consideration in all cases.

It's completely unacceptable that Benjamin didn't anticipate "Sumi wants to move in and live with me asap" at all. I suspect Benjamin is racist against indigenous Malays and therefore didn't want Sumi to reintegrate back into her family because my care and control ancillary order is from the Syariah Court. It looks like Malaysia's covert and deceptive foreign interference in the ruling PAP and the Singapore Public Service is deep-rooted, causing public servants to covertly harm our social cohesion domestically.

POLICE REPORT (NP299)

CONTINUATION OF REPORT

Report No. E/20240603/7054

Australia is believed to possess AI-powered covert satellite psychotronic weapons, and this is the main reason why the Aboriginals can't be part of Australia's ruling class. The UK, New Zealand and Australian Gentiles are afraid that the Aboriginals might use AI-powered covert satellite psychotronic weapons against them in revenge for colonialism during the Victorian (Benjamin Disraeli) era. Australia, New Zealand and Canada made no mention of AI-powered covert satellite psychotronic weapons to date, and this concealment suggests that they intend to use these weapons to enslave or exterminate their indigenous people. However, Gentiles living in Europe don't benefit from such cruelty.

I refer to <https://eresources.nlb.gov.sg/newspapers/digitised/page/today20090102-2.1.8> (see below)

I think Singapore as a whole will become a more gracious society because ... we will have large-scale events to create awareness. Mr Cyrus Ang

It's my gracious duty to "build a democratic society based on justice and equality" as well as to preserve, protect and defend the "sovereignty of the Republic of Singapore as an independent nation" against Malaysia's covert and deceptive foreign interference in the ruling PAP and the Singapore Public Service.
